## Important Notice and J-Band™ Care information

**BE SURE** that the silver clip is **NEVER** in alignment with your face or head. The J-Band™ is not a toy and should not be used in any way other than the exercises that it is designed for. The J-Band™ is **NOT** to be stretched more than one-to-two feet of its original length — even for the strongest of students. Increase reps if needed.

Keeping it out of the sun and away from your cleats (*when not in use*) will help maximize the longevity and safety of your J-Band™.

When fastening silver clip to a chain link fence be sure to fasten the clip where the links intersect for stronger support.
